## HOW TO ORDER

### Publications

Order publications marked with an asterisk (\*) from our Publications Unit in Indiana and pay by check or Census deposit account. (Make your check payable to "Commerce-Census." Use the "Publications" order blank on the next page.) Some publications may be available from Customer Services (Bureau of the Census, Washington, DC 20233; 301-457-1221) or other sources as noted.

To order technical documentation for machine-readable data files, use the Census Bureau "Electronic Media, Documentation, and Other" order form. You may order documentation from Customer Services by phone (301-457-4100; TDD: 301-457-4611) or fax (301-457-3842) when charging documentation to a VISA, MasterCard, or Census Bureau deposit account.

Unless otherwise noted, use the Government Printing Office (GPO) order form on page 12 for other publications, or you may call 202-512-1800 when using your MasterCard, VISA or GPO Deposit Account. To order using fax, call 202-512-2250. The notation "GPO S/N" identifies the stock number.

GPO offers a 25-percent discount for orders of 100 copies or more of a publication sent to one address. For foreign mailings, add 25-percent to the price.

### Computer Files

To order data files, use the Census Bureau "Electronic Media, Documentation, and Other" order form, or order by phone or fax. (Sales are final—with the exception that defective products may be returned within 90 days. Contact Customer Services before returning an item.)

Technical documentation accompanies each file, or it often may be ordered separately. (See instructions in second paragraph under "Publications," above.)

The cost of new files on computer tape generally is based on the file size, with the minimum charge being \$175. The files are offered on tape reels or tape cartridges. (Arrangements for files on CD-ROM are covered below.)

The tape cartridges are IBM 3480 compatible (operable with StorageTek 4780 tape sub-systems and Digital Equipment Corporation VAX TA90 sub-systems).

Some data files are available on diskettes for IBM and compatible microcomputers. Diskettes generally cost \$66 for the first disk and \$6 for each additional diskette in a file.

When mass-produced, files on CD-ROM (compact disc—read-only memory) also are listed in the "Data Files" section earlier in this publication. These CD-ROM's generally cost \$150. Other tape files can be produced on CD-ROM by special order. See the discussion under "Data Files."

### Online Access

Many reports and data files are accessible, in whole or in part, online through the Internet, the Census/BEA Electronic Forum (our bulletin board system (BBS)), and CENDATA™. For information about accessing data through the Internet, the Electronic Forum, and CENDATA (which is available only through CompuServe and DIALOG), call 301-457-1242.
